Copy 3 of 3

9 December 1958

MEMORANDUM FOR: [REDACTED] DPS/DCI  
THROUGH : Director of Development & Procurement  
SUBJECT : Project GUSTO

1. Attached is some material (a number of months old) having to do with a number of discussions concerning high modulus fibers for use in plastic construction. I think at some time you and/or [REDACTED] might be interested in glancing at these papers. It might be wise to keep this material in case we might want to dig it out again.

2. Reminder: Sometime ago we gave the Air Force [REDACTED] (to be matched by the Air Force) for work on beryllium oxide, and I would like a progress report on that matter.

USAF  
review(s)  
completed.
